Lie (3x)

Iâ€™ ll pretend that I got over it when I know itâ€™ s a
lie

Seven thirty, riding early
Who wouldâ€™ ve ever thought Iâ€™ d be hurting
When Iâ€™ d seen you
Canâ€™ t believe that Iâ€™ d seen you
First I told myself wait a minute
Calm yourself down
And give him the benefit of the doubt
Thatâ€™ s when he showed up

He was holding and kissing
Smiling and whispering
Sweet nothings in her ear, yeah
He looked so in love
Like he loved her most of all
And right then I closed my eyes to pretend

Iâ€™ ll pretend like I didnâ€™ t see that girl
Leaving your crib
When I know that I did
Iâ€™ ll pretend it didnâ€™ t hurt me
Iâ€™ ll pretend I didnâ€™ t cry
Iâ€™ ll pretend that I got over it when I know itâ€™ s a
lie

Lie (3x)

Iâ€™ ll pretend that I got over it when I know itâ€™ s a
lie

My head told me you was worth it
My heart told me girl desert it
Heâ€™ s no good, oh
But I canâ€™ t let you go
â€™Cause I keep thinking
Back on the times when we were so in love
Back on the times when no one could break us up
Where did we go wrong
You were

Holding and kissing
Smiling and whispering
Sweet nothings in her ear, yeah
He looked so in love
Like he loved her most of all
And right then I closed my eyes to pretend

Iâ€™ll pretend like I didnâ€™t see that girl
Leaving your crib
When I know that I did
Iâ€™ll pretend it didnâ€™t hurt me
Iâ€™ll pretend I didnâ€™t cry
Iâ€™ll pretend that I got over it when I know itâ€™s a
lie

Lie (3x)

Iâ€™ll pretend that I got over it when I know itâ€™s a
lie

Iâ€™m gonna lie to myself right now
Ainâ€™t got no time to figure out why
My man gone out in the middle of the night
To break my heart
And Iâ€™m not ready to fight that fight
I still canâ€™t forget but Iâ€™m gonâ€™ try
So when he comes through that door
Iâ€™m gonâ€™ love him a little more

Iâ€™ll pretend like I didnâ€™t see that girl
Leaving your crib
When I know that I did
Iâ€™ll pretend it didnâ€™t hurt me
Iâ€™ll pretend I didnâ€™t cry
Iâ€™ll pretend that I got over it when I know itâ€™s a
lie

Lie (3x)

Iâ€™ll pretend that I got over it when I know itâ€™s a
lie
