Gon' be like,
One kiss, one taste, I gotcha.
Once I back it up,
You gon' think I shot ya like,
Bam bam bam.
You gon' think I had a chopper.
Straight to your heart,
You gon' turn into a stalker,
Like

Ooo ooo
Who's, who's that lookin through my window...
Ooo ooo
Ha ha, that's you,
Ha ha, that's you,
Yeah!

I'mma, I'mma' I'mma give ya something you can live
without.
I'mma, I'mma' I'mma give ya something you can live
without.
I'mma, I'mma' I'mma give ya something you can live
without.
I'mma give ya something that you just can't shake.

Have ya like,
Ten cars on the road tryinna catch me.
But I don't pick it up,
I turn it light-way crazy like,
Bam bam bam.
Got you at my door knockin.
You done got a little whip,
Now, you caught yourself jockin',
Like

Ooo ooo
Who's, who's that lookin through my window...
Ooo ooo
Ha ha, that's you,

Ha ha, that's you,
Yeah!

I'mma, I'mma' I'mma give ya something you can live without.
I'mma, I'mma' I'mma give ya something you can live without.
I'mma, I'mma' I'mma give ya something you can live without.
I'mma give ya something that you just can't shake.

I'mma, I'mma' I'mma give ya something you can live without.
I'mma, I'mma' I'mma give ya something you can live without.
I'mma, I'mma' I'mma give ya something you can live without.
I'mma give ya something that you just can't shake.

Can't shake,
Hey!
Can't shake,
Hey!

Can't shake,
Hey!
Can't shake,
Hey!

Can't shake,
Hey!
Can't shake,
Hey!

I'mma give ya something that you just can't shake.
Shake, shake, shake, shake, shake-shake-shake-shake,
Can't shake.
Shake, shake, shake, shake, shake-shake-shake-shake,
Can't shake.
Shake, shake, shake, shake, shake-shake-shake-shake,
Can't shake.
I'mma give ya something that you just can't shake.
