He's a detection device  
And his gauge is so precise  
Concentration is like ice  
It's no matter what the price  
It's a security  
Invest priority  
Multi-trillion dollar device

Big brother's watching you  
Big brother's watching

Hey! One, two, three, four and five  
Push the code to get inside  
Access cleared, access denied  
It's no matter where you hide  
The camera always sees  
It feels and hears and breathes  
Multi-millimeter angle

Big brother's watching you  
Big brother's watching

And if the instruments prevail  
Big brother's taking you to jail  
I heard the sirens sing  
And heard the alarms ring  
Multi-million dollar heist  
Multi-trillion dollar heist

Big brother's watching you  
Big brother's watching
