In how long will you go from here?  
Because I want, I want to love you  
And how far will you stray from me  
When I will not let you go?

Indifference (yeah, yeah), you gave it all to me  
And now it is clear to see that  
You have no intention of ever coming back to me  
Never is so soon, and I will miss you

How does it find me only when I'm needy, only when  
I'm lonely?  
(How does it find me?)  
How does it search out, what are the signals?  
Why do I give off such thunderous signals?  
Why do I give in, why do I give up?  
I am a reject of love  
And where are my friends now, where are my friends  
now?  
Where is my lover now?

Blanket me in you  
Cover me in gold and blue  
Reason need not follow you  
Blanket me in you  
I can still smell you on me

In how long will you go from here?  
Because I want, I want to love you  
And if I gather all my sorrow  
Would you still love me tomorrow?  
(It won't be so bad)

I could make your sickness end  
I once had my fortune read  
"You won't be so sad" he said  
I wonder if it's true

Blanket me in you  
Cover me in gold and blue  
Reason need not follow you

Blanket me in you  
I can still smell you on me

So I can still smell you on me
