Hey esthero....yeah
Hey nell star

I want to know
Where you go
I want to know
Where you go at night
When you leave my bed
And when I saw you wandering is when I knew
You had no time for me left in your life
So I'm gone out on my baby
Blown away, blown away
So far

But I feel you
Don't want to let you go
I feel you
Hey man I love you so
I feel you
Alone here in the night
I feel you
So if you want in time you could make it right

Oh, you are such a little child
Oh, you are such a little child
And you won't give anything away
No way, no way, I won't and
When I saw you wondering
When I saw you creeping
Is when I knew you had no time for me
In your life so boo-hoo now I'm gone

But I feel you
Don't want to let you go
I feel you
Hey man I love you so
I feel you
Alone here in the night
I feel you

It's not too late

To catch when you can
I will be waiting for you
And no, it's not too late
It's not too late
Ohh, baby when I wait
I wish he could have stayed
But it's not too late

Cos' I feel you
Don't want to let you go
I feel you
Hey man I love you so
I feel you
Alone here in the night
I feel you

And if you, if you want I could give you a chance
And you could make it right, make it right
If you want I could give you some time
And you could make it right, make it right
And if you, if you want I could give you a chance
And you could make it right, make it right
If you want I could give you some time
And you could make it right, make it right

Don't want to let you go
I'll make it
Hey man I love you so
I'll make it
Alone here in the night
I'll make it
