I love you..... I love you, now I know.
You said good-bye..... but I can't let you go
And I need you..... I need you in my life.
And if you go I'll be so blue,
Because I know that you love me too.
And could you really sleep at night
If I wasn't by your side?
How could your body keep warm
Until the return of daylight?

I love you..... and I've never been more sure.
And there aint nothing you can do to change my mind.
I am ready to be yours.
There might have been a face before..... but it was
never as beautiful as yours.
I want to see it every morning when I rise,
And every night, oh I..... I love you.

I love you, I love you, I love you now I know.
You said good-bye... but I cannot, I will not let you go.
And I need you, I need you, I need you in my life.
And if you go I'll be so blue....
Because I know, because I know.... that you love me
You love me, you love me too, you love me..... la la
la.....

I don't wanna love you..... but I can't help lovin' you.
