Amber..... tiger's eye  
Inset in your honey skin  
Dandelions and fireflies  
Akin to your devil's grin

Remind me..... remind me  
Of who I forgot to be.  
Replace me..... replace me  
Back where I ought to be,  
Back where I need to be.  
Will your spirit be diminished  
In the presence of others.. I wonder?  
Hold fast now  
Hold fast now  
Hold fast now....

Amber..... tiger's eye  
Inset in your honey skin  
Dandelions and fireflies  
Akin to your devil's grin....  
Mmmmmnnnn.....
