I don't wanna write another love song
I don't wanna open up my eyes
I don't wanna see what you have done to me
I don't wanna know what's under your disguise
And I don't need to see what's on the inside
Let me enjoy this 'cause it was all just a beautiful lie

Well, I just wanna keep on believing
Every little thing you ever said to me
All was true and I want to be sure you adore me too
I don't wanna know when it ended for you

I want to be able to sleep at night
I want to hold my head up high
I want to feel like you were always mine
But it was all just a beautiful lie
It was all just a wonderful, terrible, wonderful

Why'd you give all of your love, babe
Just to take it all away?
Baby, when I needed you, I didn't know
You'd let me go and now I feel like I can't breathe
But I need you to lie to me

I want to be able to sleep at night
I want to hold my head up high
I want to feel like you were always mine
But it was all just a beautiful, terrible
Wonderful, horrible, beautiful lie
And it's so easy to believe

I don't wanna write
I don't wanna write another love song
I don't wanna open up my eyes
I don't wanna see what you have done to me

I don't wanna write another love song
I don't wanna open up my eyes
I don't wanna see what you have done to me
I don't wanna know what's under your disguise

I don't wanna write another love song

I don't wanna open up my eyes
I don't need to see, I don't need to see
What's on the inside

I don't wanna write another love song
I don't wanna open up my eyes
My eyes, my eyes, my eyes, my eyes
My eyes, my eyes, my eyes, my eyes
