I'm a black mermaid  
From the bottom of the sea  
I will teach you how to love me  
Into greatness I will lead you  
'Cause I'm a black mermaid  
Nothing rarer you will find  
I am here for you to love me  
I've been here for all o' time

And I will wait for you to see me and to understand  
That a woman can restore the soul of any broken man  
If you can look beyond the waves and just believe in  
meâ€¦..  
I am the lighthouse standing strong atop the rocks and  
sand  
'Cause I'm a black mermaid  
From the bottom of the sea  
I will teach you how to love me  
Into greatness I will lead you

And I've spent most of my life deep down inside myself  
I've dreamt about the possibility of someone else  
Who could see the things I've seen and steal away with  
me  
Into the darkness we could fade because we know  
ourselves  
And I'm his black mermaid  
From the bottom of the sea  
I will teach you how to love me  
Into greatness I will lead you  
'Cause I'm a black mermaid  
From the bottom of the sea  
I will teach you how to love me  
Into greatness I will lead you

And I've spent most of my life deep down inside myself  
I've dreamt about the possibility of someone else  
Who could see the things I've seen and steal away with  
me  
Into the darkness we could fade because we LOVE  
ourselves

And I'm his black mermaid  
he thinks I'm beautiful  
Yeah I'm his black mermaid  
He thinks I'm beautiful  
I am beautiful

(All the dark horses and all the good men,  
Won't you come put me back together again)  
I am beautiful
