It's like I told you, I'm getting away from this town
I'll be traveling alone and adventure is calling my name
And if you want to, you can follow me
I'm gonna go to the jungle and build me a home

We could live right
(In the jungle baby)
Stay up all night
(All night)
Kiss by moonlight
(And you can kiss me)
It would be tight

We'll have a family and I will protect you from harm
We could get wilder than all the animals
And I will try to keep it simple
If that's what you want

I know you're scared baby, I know you're proud
I know your girl, she was fooling around
She had your head under water, your heart under fire
And I've decided, she didn't know how to love you

We could live right
(We could live right)
Stay up all night
(Stay up all night)
Kiss by moonlight
(You can kiss me)
It would be tight
(It would be so)

We could get by
(We could get by)
Start a new life
(Start a new life, start a new, a new life)
Dance with fireflies
(In the jungle baby)
We could get by
(In the jungle baby)

Jungle, in the jungle

Oh, in the jungle
Jungle, in the jungle
Oh, in the jungle

Jungle, in the jungle
Oh, in the jungle
Jungle, in the jungle
Oh, in the jungle

We could live right
(We could live right)
Stay up all night
(Stay up all night)
Kiss by moonlight
(You can kiss me)
It would be tight
(It would be so)

We could get by
(We could get by)
Start a new life
(Start a new life, start a new, a new life)
Dance with fireflies
We could get by
(We could get by)

We could live right
(Oh, my precious little boy)
Stay up all night
(Just rest your weary head)
Kiss by moonlight
(It's gonna be all right)
It would be tight

We could get by
(Hush, now my precious little boy)
Start a new life
(And rest your weary head)
Dance with fireflies
(It's gonna be all right)
We could get by
