I feel the world lift away when you put your arms
around me,
I close my eyes, melt away, your own roller coaster
ride, so exciting.
Causing lie to the life, you're a beautiful escape.

You do something that I can't explain,
'cause it's supernatural, supernatural,
You know you're blowing me away,
'cause it's supernatural, supernatural.
Like the dancing of a novel on earth, babe,
Like the star that shoots across the sky,
This doesn't happen every day,
'cause you're supernatural, supernatural.

Put some note on the world and dancing with
excitement
There's nothing like you in the world,
I wanna explode with you, like a firework.
And I want you in my life, because you're so
magnificent.

You do something that I can't explain,
'cause it's supernatural, supernatural,
You know you're blowing me away,
'cause it's supernatural, supernatural.
Like the dancing of a novel on earth, babe,
Like the star that shoots across the sky,
This doesn't happen every day,
'cause you're supernatural, supernatural.

I'm all alone, do you hear the thunder?
It's sounding off when we're together,
Do you wanna know,
Do you ever wonder why there's a light in my eyes?
It's you and I.

'cause you lie to the life,
You're a beautiful escape.

You do something that I can't explain,

Â‘cause itÂ’s supernatural, supernatural,
You know youÂ’re blowing me away,
Â‘cause itÂ’s supernatural, supernatural.
Like the dancing of a novel on earth, babe,
Like the star that shoots across the sky,
This doesnÂ’t happen every day,
Â‘cause youÂ’re supernatural, supernatural
