In Salem place and
Wondering what the hell was that
Movie that Shaun-D got kidnapped at
What was he watchin'
When Bart came and took him away.

The Meteorite Showers really pourin'
Through my soul tonight!
I look up in the sky
And I see the satellite
My 'fancy face' just slapped me
Will she be all right?
Dimeras gonna pay
Before he gets his hands on the Rennet.

The Meteorite Showers is playing on the screen
Right next to Randy's and the Queen
The Meteorite Showers is playing on the screen tonight!
