If I were you I'd turn this thing around  
Before it runs aground  
But I know you and there's nothing  
That could ever slow you down  
I closed me eyes hoping  
It would all work out in time  
But here we are  
And there's nothing I can do  
To change your mind

Cause if I could you know I would  
If I could you know I would  
If I could you know I would

I circled once then twice  
Before I finally found the words  
The sweetest sound but nothing  
That you ain't already heard  
I knew the day would come  
Your ship would run aground  
But I know you and  
There's nothing you would do  
To slow it down  
I wish I could slow you down

Cause if I could you know I would

If I could you know I would  
If I could you know I would

I should've known  
My chance was gone  
The way you laughed  
When first we kissed  
Another round and I'd have won  
But as it was it never came  
Your body spoke a thousand truths  
Another shade into my soul  
I'm on my knees and begging now  
What would it take?

Solo

I'm down on my knees

Cause if I could you know I would  
If I could you know I would  
If I could you know I would

Cause if I could you know I would  
If I could you know I would  
If I could you know I would

If I were you I'd turn this thing around  
Before it runs aground
