Friday morning all alone
One by one the stars each say goodbye
A thousand miles turning into song
Yeah pictures and a thousand words
And I want you to know
I feel lucky to know you

And you'll see that it's true
Cut open my heart
I want you to know
I feel lucky to know you
I feel lucky to know you
Yeah summer fades into fall

And with it
Came the writing on the wall
So I sent a thousand letters on the
Backs of silver angels through the sky
And I want you to know

Cut open my heart
I feel lucky to know you

And you'll see that it's true
I want you to know
I feel lucky to know you
I feel lucky to know you
And wrote another song for you

I took a drive it's what I do
The things we crave
The things we want
We have no choice the choice is made
And I want you to know

I feel lucky to know you
Cut open my heart
And you'll see that it's true
I want you to know
I feel lucky to know you
I feel lucky to know you

I feel lucky to know...
Friday morning all alone
And one by one
The stars each say goodbye
