

Blue Merle "Made to Run"

I've been high and I've been low
I've been wandering
'Round the city of New Orleans
Summer nights on crowded streets
I've been tearing down the wall around
My heart

Fools could not deny
All the things you touch inside
And like the daylight needs the sun
Girl you and me were made to run

I left behind a trail of love
In the shadows
On the wall above your bed
With nothing but a quarter moon
And a halo made of stars

Around your head
Fools could not deny
All the things you touch inside
Girl you and me were made to run
And like the daylight needs the sun
It's like a song that's in your head
You were the song in my head
That I found
It's like a song that's in your head
When the song I'd been singing
All along
Driving fast and tracing lines

In the dust around
The memory of your love
In your drive
While far away you're sleeping sound

Waiting for my headlights
Fools could not deny
All the things you touch inside
And like the daylight needs the sun
Girl you and me were made
Girl you and me were made

Girl you and me were made to run
