Seeing trough you

The day walked accros
The great devine,
I left to stay on
The other side,
The things I loved in you where gone

I am seeing trough you,

Monday night and here I am
All alone,
And nothing you can say to me
Would break my bones,
Your time has come and gone
And fanished in the air

Iam seeing trough you (3X)
And you are not the same

Cause my aye's are sealed
That chanced the world

Iam seeing trough you (2X)

The day walked accros
The great devine,
Left to stand on
The other side,
Your time has come and gone
And fanished in the air,

I am seeing trough you (4x)
And you are not the same

Cause my aye's are sealed
That chanced the world

I am seeing trough you (2X)
