I told you once before  
And I'll tell you once again  
You are and will always be my only friend  
I'm forever sorry for what has taken place  
Can't you see the pain from the tears upon my face  
Is it over now?  
I'll swallow my pride  
I guess I'd rather live with you right by my side  
Let's not do this again  
You broke my heart and said that you were sorry  
In you I depend  
(You I depended)  
Together again  
(Together again)  
A friend is a friend  
(A friend is a friend)  
Every time I see you it still happens to me  
I've arrived upon it, your vicinity  
Even though I've known you for quite a while  
One glance in your direction, making me smile  
Is it destiny?  
I'm telling myself  
That you're the one for me and there ain't no one else  
Let's not do this again  
(Do this again)  
You broke my heart and said that you were sorry  
(You breakin' my heart)  
In you I depend  
Together again  
A friend is a friend  
Hold me now  
(Hold me close)  
Hold me now  
Hold me close  
(Hold me closer)  
And I'll be strong  
(I'll be)  
Said I want you  
Said I need you  
I'll wanna hold you in my arms and never let go  
No no no  
Let's not do this again

(Do this again)  
You broke my heart and said that you were sorry  
(Do this again, no no no no no no no no)  
In you I depend  
(In you I depend)  
Together again  
A friend is a friend  
(A friend is a friend)  
Let's not do this again  
(Breakin' my heart)  
You broke my heart and said that you were sorry  
In you I depend  
Together again  
A friend is a friend  
So glad that we're still friends  
Together 'till the end  
In you I depend  
Together again-ac
