If you see me walking with a smile  
And laugh all the while  
It's because I love you

If you see that sparkle in my eye  
I'm telling you why  
(Telling you why)  
It's because I love the way that you touch me

It moves my spirit high  
And it gives me that feeling  
Of summer in July, 'cause

You're my love  
You're my everything  
Gonna give you all my love  
'Cause you're the world to me

Dreaming of a lifetime of love  
That's sent from above  
Telling you I love you

I don't want this feeling to end  
Now, I've found a friend  
(I've found a friend)  
Who can bring me all the

Joy and all the laughter that I kept locked inside  
Hold me in your arms baby  
Tell me that your love is mine

You're my love  
You're my everything, baby  
All my love  
You're my love now, baby  
You're the world to me, everything

All my love  
Gonna give you all my love  
All my love, gonna give you

Do you know I couldn't sleep last night 'cause I was

thinking about you?

You're the world, you're the song I sing, you're my  
everything

Tell me that you, you're my love, you're my everything

All my love, you're the world to me

You're my love, you're my everything

(I'm gonna give you)

All my love, you're the world to me

You're my love, you're my everything

(Gonna give all my love)

Gonna give you all my love, you're the world to me
