In the shadows of the night broken by smoldering light
The reek of innocent flesh, veils the silence
Cry, hear them cry, as you liberate them in fire
Lies, bloody lies, feel the weight upon your shoulders

I've seen the lies
And it opened my eyes (my eyes)
No reason why
You led them to die (to die)

Life - so feeble in the hands of greed
Demise - full circle, coming to you

Do you ever close your eyes and see what you've
become?
See the faces that you scorn? taste the tears of the
forlorn?
Life, what is life, so disposable for your gain
Lies, bloody lies, feel the weight of all this pain

I've seen your ties
And it opened my eyes (my eyes)
No reason why
You led them for lies (for lies)

Life - so feeble in the hands of greed
Demise - full circle, coming to you

See the bodies burning
A vision so bleak we create
Twisted by greed
I've seen all the lies
Blood will always remain

I've seen your ties
And it opened my eyes (my eyes)
No reason why
You led them for lies (for lies)

Their blood is on your hands
Their blood is on your hands
