

Eternal "Crimson Sacrifice"

Visit "[Crimson Sacrifice](#)" on MotoLyrics.com

Before the light of dawn
I will be reborn
To taste the night and know
It's everlasting ecstasy
When the seven fires burn
Your beauty I adorn
In a crimson sacrifice
My blood upon the thorns
For all the souls that burn
On bloodied knees I crawl
Veiled in a shadow
I transcend this shame
Falling on cold hands
Falling on the words that bind me
I'm lost in emptiness I'm lost in you
I'm lost in emptiness I'm lost in you
I'm lost in emptiness I'm lost in you
I'm lost in emptiness I'm lost in...
And to the ones with empathy for the fallen few
I can't conceive a life believing the lies that you do
