You told me that you'd never walk away  
Leave me to face my fears  
Your actions contradict the words you say  
You lose me on the edge of a word  
You take a piece of me you keep on bringing me down  
But your all I've ever known  
You make a mess of me you keep on bringing me down  
Falling from your cradle of grace  
I can't believe you let me fall today  
Leave me to face myself  
Your eyes they tell me what you try to say  
Another love has died  
You take a piece of me you keep on bringing me down  
But your all I've ever known  
You make a mess of me you keep on bringing me down  
Falling from your cradle of grace  
Falling from your cradle again...  
You take a piece of me you keep on bringing me down  
But your all I've ever known  
You make a mess of me you keep on bringing me down  
Falling from your cradle of grace  
I see it in your eyes  
Falling from your cradle again  
I taste it in your tears  
Falling from your cradle again
