Intro]

BeBe: You know I had to come all the way to England to sing with you

Easther: Aha

BeBe: You know but it was worth the trip

Easther: Well thank you

BeBe: So, er I think we've got something to say

Easther: Let's go for it

BeBe: Let's go for it? Alright why don't you take the first verse

Easther: O.K

BeBe: Here we go

Easther: Yes I see you cryin'

(Yeah yeah yeah yeah yeah)

And I feel your broken heart

(Yeah yeah yeah yeah yeah)

I can feel you're hurting

(Yeah yeah yeah yeah yeah)

Still you chose to play the part

If you let me be

(If you let me be)

I'll be all you need, all you need

Both: I wanna be the only one to hold you

(Protect you from the rain)

I wanna be the only one to soothe you

(Erase all the pain)

I wanna be the only one to love you, love you

(Over again)

I wanna be the only one, the only one

(The only one I am)

BeBe: Now you deserve a ???

Easther: My lord you do

You can have the best of life

With all this I'll give you

A pure love that gold can't buy

If you take a chance

(If you take a chance)

I'll be worth the chance, worth the chance

Both: I wanna be the only one to hold you

(Protect you from the rain)

I wanna be the only one to soothe you

(Erase all the pain)

I wanna be the only one to love you, love you  
(Over again)  
I wanna be the only one, the only one  
(The only one I am)  
I wanna be the only one to hold you  
(Protect you from the rain)  
I wanna be the only one to soothe you  
(Erase all the pain)  
I wanna be the only one to love you, love you  
(Over again)  
I wanna be the only one, the only one  
(The only one I am)  
BeBe: If you let me be  
Easther: If you let me be  
BeBe: I'll be all you need  
Easther: If you take a chance  
BeBe: If you take a chance  
Easther: I'll be worth the chance  
Both: If you just love me  
You will gladly see  
I'm all you need  
I wanna be the only one to hold you  
(Protect you from the rain)  
I wanna be the only one to soothe you  
(Erase all the pain)  
I wanna be the only one to love you, love you  
(Over again)  
I wanna be the only one, the only one  
(The only one I am)  
[repeat chorus to fade]
