If you need me tonight  
(If you need me tonight)  
If you need me tonight  
(I will be there)  
If you need me tonight  
(If you need me tonight)  
If you need me tonight  
(I'll be there)

There's a distance in between us  
And I don't exactly know  
What it means when you say  
That you need some time alone  
Are you searching for the answers  
To the questions of the heart  
When you find them will you tell me  
Are we together or apart

(In every minute of every hour)  
I'm still thinking of you  
(I still love you)  
(I want to know are you my friend)  
Will you be back again  
(I'm here for you)  
Ooh

If you need me tonight  
(If you need me tonight)  
If you need me tonight  
(I will be there)  
If you need me tonight  
(If you need me tonight)  
If you need me tonight  
(I'll be there)

Please don't get the wrong impression  
That I'm waiting to be ruled  
Because even though I love you  
I'd leave than be a fool  
But I'm putting that aside  
You know it's you that's on my mind  
I know I'll treat you right

If you need me tonight

(In every second of my day)  
I'm hoping things will fall my way  
(I still love you)

('Coz I have waited here in vain)  
I don't wanna feel no pain, no pain  
(I'm here for you)  
Ooh

If you need me tonight  
(If you need me tonight)  
If you need me tonight  
(I will be there)  
If you need me tonight  
(If you need me tonight)  
If you need me tonight  
(I'll be there)

If you need me tonight  
Need me tonight  
Need me tonight  
Alright  
If you need me  
If you want me  
Come on now

*[Kelle Raps]*

I feel like I'm hanging  
Like I'm a puppet on a string  
Ting-a-ling-a-ling-ling  
Which way am I turning?  
So bu ba da back make me kick my rap  
'Coz I'm kicking it, kicking it bad  
When I'm rapping on a vocal track  
Do you know how I'm feeling  
I never really knew  
It was my heart you were stealing  
So why put up a fight?  
If you know very well that you need me tonight  
*[End Of Kelle's Rap]*

Need me, need me  
(If you need me tonight)  
If you need me tonight  
If you need me tonight  
(If you need me tonight)  
If you  
Need me  
Want me

Need me  
Want me  
Be here  
I'll be here for you  
I still love you, want you  
I don't know how  
I don't know how I feel for you
