Tell me that we still belong  
Tell me that the will is still alive  
There must be another chance for us tonight  
'Coz everyone who's walked that path  
Trouble or lies, they come and go  
We can be the lucky ones  
And find love, after the storm  
Don't let go  
'Coz it's just a step from heaven  
And the strength of love is on our side  
Soon you'll find  
And our faith will take us higher  
'Coz we're just a step  
Baby just a step from heaven  
We don't need to justify our emotions  
We don't need to worry 'coz if they hold on  
There's a bigger destiny that was made for us  
So don't let troubles bring you down  
Believe in the foundation of our love  
Can't you see my faith in you  
Is forever and more  
Don't let go

'Coz it's just a step from heaven  
And the strength of love is on our side  
Soon you'll find  
And our faith will take us higher  
'Coz we're just a step  
Baby just a step from heaven  
Heaven, oh yeah  
Heaven, oh yeah  
Baby can't you see  
This love was meant to be  
We can rise above this pain in our hearts  
Don't let go 'coz it's just a step from heaven  
And the strength of love is on our side  
Soon you'll find  
And our faith will take us higher  
'Coz we're just a step  
Baby just a step from heaven  
Heaven
