Beneath the depths of a fate so cruel and so cold  
She's counting all the lies that will unfold  
Restrained by the pain that will drag her down again  
The rains will wash away her disdain

Hurt  
Left unsaid  
Idle dreams  
Left for dead

Calling out in vain  
Desire bound by anguished ways  
(Tears that stain the whites of your eyes)  
What hope will remain  
Pained it seems we lost our way  
(Obscured shadows cradle tainted lies)

Erase all she has seen and isolate her pain  
Desperation dances on her name  
Sleep tonight my love, I won't let you feel betrayed  
Your wounds will heal, succumb and slowly fade

Hurt  
Left unsaid  
Melt away  
Yesterday

Calling out in vain  
Desire bound by anguished ways  
(Tears that stain the whites of your eyes)  
What hope will remain  
Pained it seems we lost our way  
(Obscured shadows cradle tainted lies)

... and I won't let you fade  
... and I won't let you fade

Calling out in vain  
Desire bound by anguished ways  
(Tears that stain the whites of your eyes)  
What hope will remain  
Pained it seems we lost our way

(Obscured shadows cradle tainted lies)
