"Pillow Talk"

Imagine you are here with me
To do anything you want with me
What would be the words you'd say to me
I wanna know
So tell me right now
While I've got you on the phone with me
Tell me the ways you should touch me
Make it sound real good to me
To satisfy me 'til I can see you
Though I lay here by myself
I feel you right here next to me boy
I can't wait another minute
I can't reach my high

[Chorus:]

If you talk pillow talk to me
That's enough for me
You don't have to be here getting me off
Can you talk pillow talk to me
That's enough for me
To imagine you here any hour

Reminiscent of the other day
When we make love endlessly
Ooh I wish you could appear right now
But at the moment your voice will do me
Talk me a sexy interlude
So I can see you clearly in my mind
I think I know all your fantasies
But if I don't
Here's the time to tell me
Though I lay here by myself
I feel you here right next to me boy
I can't wait another minute
I can't reach my high

[Chorus x2]
