Been around the world
Seen all I can see through the look in your eye
Touch my hand and I cry
Why baby, can't I feel this way all the time?

Looking out the window
I feel so distant from you there's so much I can give
you
Just give me a chance to show you my love and
affection

Baby, let's start again and prove our love
'Cause if it's wrong or right this is how I feel
I know I can make things right
You promise me always to be there through thick and
thin

Been around the world
Seen all I can see through the look in your eye
Touch my hand and I cry
Why baby, can't I feel this way all the time?

When our bodies are united
It gives me peace and joy and brings me sweet
memories
The promises you made don't mean anything anymore

Baby, let's start again and prove our love
'Coz if it's wrong or right this is how I feel
I know I can make things right
Baby, let's start all over again, I'll try

Been around the world
Seen all I can see through the look in your eye
Touch my hand and I cry
Why baby, can't I feel this way all the time?

Said we'd spend all our whole lives
Making plans that would last all the time, oh
There are no guarantees, my life is full of surprises

Been around the world

Seen all I can see through the look in your eye
Touch my hand and I cry
Why baby, can't I feel this way all the time?

Been around the world
Seen all I can see through the look in your eye
Touch my hand and I cry
Why baby, can't I feel this way all the time?

Been around the world
Seen all I can see through the look in your eye
Touch my hand and I cry
