All the times I walked beside you
And reached for your hand
All the times I let it go and just walked away
And I still never told you of my shame
And I want you to tell me not to blame

I've been told
That I'm a dreamer...

I feel that I owe you some kind of explanation
And it's real, I'm not dreaming of yesterday

You know I never meant to hurt you
And make you feel such pain
You know I always tried to love you
Seems I lost my way
But I still sheltered you from the rain
And I tried not to let you walk away

I'm still cold
And I'm here screaming

I feel that I owe you some words of reassurance
Can't you see, that I won't leave you all alone

I walk beside you
I walk beside you
I walk beside you
I walk beside you
