Guilty...
The guilty of the sanity war
Injecting...
Injecting the poison in your blood
Fighting...
You're fighting against your mind
Dying...
You're dying in a psycho war

Rapers
Mind

Brainwash...
To push the lies into your mind
Brainwash...

To suck the reason of your life

You'll be a new victim in the sacred lab.
You'll be a "carry" of "Doctor Christ"
Look around you, everybody is marching to laboratory
church
Look around you, follow the row there is no choice
Dominus mind..
