(c) Eterne 1993

Each morn I sit and watch the waters, as your waves
Drift gently inwards. The gentle breeze that brings
Your smile will caress my wayward spirit. I hear your
Voice as you drift away on an everlasting tide. The
Passing skies that reflect in shadows become distant
Lies. Know me, see me as I am. Hole me, embrace me
in

Your arms. Let me feel as the water raises higher...
Let me see as I understand at last. Pull me down into
The depths of your love... And now I know as I
Understand at last. I bring you my pain, again and
Again. I see you now through glass made of rose. I
I bring you my pain, again and again. I see you now
Through glass made of rose. Your dreadful whispers I
Cannot hear, I cannot hear any longer. I feel the
Dark engulfing tide as you sweep me away. I hate your
Lies, your stinking heart... I hate you with every
Breath. My final clutch, my final gasp. I'll leave
You forever. I bring you my pain again and again. I
See you now through glass made of rose. I bring you
My pain again and again. I see you now through glass
Made of rose. I hate your lies, your stinking
Heart... I hate you with every breath. My final
Clutch, my final gasp... I'll leave you forever...
