

## Eterne "Complicity"

Another beat of my dead heart  
With no-one else to hear  
Consume indifferent breath  
My anger killed by hate  
Life pushed open now  
Far too blind to feel

Time can wait for me  
Silent words that seem to hear  
Time can wait for me  
Promises complicity

Time can wait for me  
In my complicity

As we fall so far together  
Torn by what we've been  
Will you pray forever  
For your divinity  
We cried in tune together  
With lies from yesterday

Time can wait for me  
Silent words that seem to hear  
Time can wait for me  
Promises complicity
