Eterne "Grim Reapers Rapture"

Deathsound sounds life distant thunder From inside the tomb Disharmonic are the dying Voices in the moon

At the time of harvest He will tear the life apart Bloodsoaked is the rusty scythe The reaper builds his art

Red wrath
Is unfold
Dead soul
Numb with cold
And a call from hell
Haunts my mind with spell
Now is speaks through me
For his rapture let us bleed

Kill your father, Kill your brother Kill your neighbour, Kill each other Kill the whole humanity, Kill yourself But first kill me
