The reign of darkness revealed
The greatness of the grand Lucifer
Dweller of infernal domains, lord of this dark
Burning waste the lambs of god

Lucifer created this kingdom inside of deepest
darkness
Here, our souls are possessed by evilness
Here, we enjoy morbidly to immortality
Here in hell!

Lucifer...

We're thy servants for eternity
Lucifer...

He's the lord supreme
God macabre of a new order
Feasting on Jesus' blood
He creates a new hell on earth
Darkness has been revealed upon our spirits
