Ooh, yeah  
I've fallen in love with that lady  
She should have been charging by the hour  
My best friend's thinkin' I'm crazy  
But they don't see or feel her power

I must have been thinking about lovin'  
Just about once or twice  
I must have been thinkin' about kissin'  
And makin' me feel alright  
'Cause a little bit of love keep me happy for the  
Longest time

Hold on, 'cause I'm comin'  
For your lovin', baby, please  
It's your kiss that I'm missin'  
And I'm beggin', please

Lay a kiss on my lips  
Sweet caressing fingertips  
This is love child  
Love child  
Read the sign on the wall  
Only love will conquer all  
This is love child  
This is love child  
Seduce me with your lips  
I've never known anything quite like this  
Hey, oh, ooh  
Pleasure and pain  
You're making me crawl  
You're making me feel like I've never been done before  
Just a little bit more  
Just a little more

(Solo)

I must have been thinking about lovin'  
Just about once or twice  
I must have been thinkin' about kissin'  
All through the night  
'Cause a little bit of love keep me happy for the
