I'm standing here
Looking at your photograph
I can't believe I'm all alone
And you're not coming back

On and on
We rode the storm
I sometimes wish
I'd never been born
Alone here
Crying out for love

When times were hard
We struggled through
A long, long time ago
But things have changed
Much more than this
I never thought you'd go

Taken in
My tears subside
I'm feeling lost
Can I survive
Without you
I'm outta love again
My world here
Cries out in pain
All the nights
When you held me tight
Life was good
And love seemed right
And now I'm here
I can't believe you're gone
You used to say
Love would never die
But you were wrong
And I've just died inside
I'm outta love again
I'm outta love again
Taken in
My tears subside
I'm feeling lost

Can I survive
Without you
I'm outta love again
The love we shared
Will never ever die
Inside my heart
I swear
I never dreamed
That we would ever
Drift apart

On and on
We rode the storm
I sometimes wish
I'd never been born
Alone here
Crying out for love

All the nights
When you held me tight
Life was good
And love seemed right
And now I'm here
I can't believe you're gone
You used to say
Love would never die
But you were wrong
And I've just died inside
I'm outta love again
I'm outta love again
I'm outta love again
Outta love again

You know
I'm missin' you girl
Out of love again
Don't make me stand here
All alone
I'm out of love again
I need your love
To carry on
Out of love again
Baby please
Don't leave me lonely
Out of love again
Come back
And save me please
Out of love again
Don't forsake me again
Out of love again
Out of love again

Out of love again
Out of love again
Out of love again
