I think I've been here before
I've seen these streets and walked these floors...
I think I've been here before
Cause' this all seems too familiar...

I've heard this old story before
But not quite the ending,
And does he, well does he
Ever...

'Cause I feel, like I'm losing my best friend,
Yeah I feel, like I'm falling within...
Within this love, within this love,
Within this love, within this love...

I think I've been here before,
I've closed these eyes and slammed these doors...
I think I've been here before,
But I just can't seem to recall...

What you were wearing
'Cause feelings they stay, but faces they change
And diamonds they fade, just like heartache and pain...
We see this everyday, everyday...

'Cause I feel, like I'm losing my best friend,
Yeah I feel, like I'm falling within...
Within this love, within this love,
Within this love, within this love...

Did you know?
I'm washing my hands clean,
Washing my hands clean of you...
Did you know?
I'm washing my hands clean,
Washing my hands clean of you...

'Cause I feel, like I'm losing my best friend,
Yeah I feel, like I'm falling within...
Within this love, within this love,
Within this love, within this love...

'Cause I feel, like I'm losing my best friend,
Yeah I feel...
