Entombed in earth
After your time
Decomposing
The worms will dine
Eating your flesh
Though not your soul
It has been sent to Heaven or hell

You can't spend forever
Lying in worms
Your fate you decide
Blessed or cursed

Atheistic
Come before God
You thought you'd die

Content to rot

Selfish creature
You were deceived
Weeping for you never believed

When you are dead
You'll face the truth
Christ crucified
Blood let for you
Accept this now
He died to save
That you may live
Forsake the gave

Content to rot
