[Music by Rhaa and Nathuruss, lyrics by Vidar]

I heard the euphony, brothers' heathen hymn for the
last time,
Dying in agony, implacably killed by the cross of
saviour...

My soul arisen from blood of your fear in darkness
Chalice of blindness is brimmed with emptiness,
I despise the light of candle that wax is seen as death
And my hands won't join and my mind won't defer...

Melancholy choir of death, sounds through the pagan
sun,
Sword desires the blood on behalf of no one,
The tears of the desperate pagans, who've lost even
themselves,
Their crying is accompanied with the sinister church
bells,

Wake up, my brothers, friends, now you cannot be
dead!
It is the time to defend our motherland!

You've stayed alone, my son, your gods will show you
the way!
But how can I vanquish my grief?
Never go astray!

That day when the reign of book was changed into the
empty dust,

False candle with extinguish and the sword will rust,
Conscience of the ancestors will turn up with the clever
sign,
The fears brought the Darkness to minds of the roots
of time...

Sono Pagano, Odio la Christianita!

Vidim mÃ tve tela, tisice Slovanov, Å"o padli v boji za
nas, pohanov,

Srdce zvierá mi zia^¾. Kres^¾an! Stihne ^¾a sud!
Pomstime svojich bratov, povsta² moj ^¾ud!

I burst into the tears, when I feel the blood of my sons,
Meadows studded with the death, a part of me died,
You are the last and fated
Who stayed to fight for the honour of the pagans,
Whose dignity was trampled by the beast,
Coming on behalf of Jesus Christ...

The prophecy of the fourth rider was hidden in the
rose,
The fallen gill means the fall of the genuine pure
horse,
The spines mean the pain of knowledge which has
been so narrow,
I didn't succumb to embrace of candle's shadow!
Never!
