[Music by Rhaa, Herr Doktor, Vidar, lyrics by Vidar, Rhaa]

Misery... came to redeem us with
Dignity... of the icons of death
Jesus Christ... and his crestfallen sight
Tragedy... of the split divine

V bezutesnej tisine rozplínul sa tieň,
Prekonany Ťasom v ten osudny deň,
Zo scholastických vod narazil na breh
A okolo rozliehal sa Erazmov smiech
Z popola doby povstal, aby vyrazil vpred,
Sumrak bohov privolať, Ťi'm uhasil svoj smad,
Osvietený posadil sa spaň na Ťudsky tron
A obrátil kríz - s vervou - s novým posolstvom... ku nam

Ornaments of Torture - Unique, Severed Limbs
repaired,
And will with urge to control sensibility long dead,
With oceans, bleeding orgasms, perverted sainthood
- I
Philosophy of new day vengeance born, condemned to
die.
Feed me dirt, scum bathe my body, slowly hours pass,
But eyes refuse to stare the way the painful heart
demands...
Self-hatred carnival and masks expressing self-
pressed anger
God hidden in atom, divine chemistry
Manuf(r)actured poetry for the vengeance of the new
millennium
Blasphemy as exit from the stabwounds of our fate,
Set ablaze in freezing darkness - mummified verse,
Where tons of human flesh cells fulfill promethean
curse,
Labyrinth of straight path - Christendom of trust?
Forever incomprehensible to us... (Christendom of
trust???)

Where are all the wizards now? Who can hear their
cries?

Time has buried their torsos in the dirt...
Whom they shall preach, whom shall they praise...
Only Whores of modern Babylon...
But still... a memory out to the distance...
Reminding of the moment... close to their death

Now watch the icons bleed, the heavens weep and
pandemons black'n'roll...
