Behold
The End
Is upon us

Now a living nightmare
Beastly dominion
Newborns must endure
Mass persecution

This to those who may
Live in this terror
Kneel only to God
Or see him never
Cling to the Christ
Abhor the dark
Do not bow down
Deny the mark

End drawing near
Time growing cold
Earth's destruction
Omens foretold

Wings as eagles
Holy ascension
Now all enter
Tribulation

Newborns must endure
Mass persecution
Look up to Him
Implore
To have your neck severed
Spout gore
That you may live forever
