Where the cars go by  
All the day and night  
Why don't you say  
What's so wrong tonight?

Pray for me  
Praying for the light  
Baby, baby  
Let's go out tonight

Where the lights all shine  
Like I knew they would  
Be mine all mine  
Baby I'll be good

Pray for me  
Praying for the light  
Baby, baby  
Let's go out tonight  
I know a place  
Where every thing's alright, alright  
Let's go out tonight

Where the cars go by  
All the day and night  
Why don't you say  
What's so wrong tonight?

I pray for love  
Coming out alright, yeah  
Baby, baby  
Let's go out tonight, yeah

Baby, be my baby  
Let's go out tonight  
Tonight, tonight  
Yeah, tonight
