Under my skin
Your fingers crawl and make themselves at home
Under my skin
Defenses fall and leave me wanting
Another breath
Another taste
Another crystallizing moment
Another night
Another time

Another life
Where my soul doesn't ache or feel lonely
Another life
Where the wind blows it's songs in my ear

Under my skin
The moons seem long and filled with voices
Under my skin
A light grows near and soon we shall be free
Another night
Another time

Another life
Where my soul doesn't ache or feel lonely
Another life
Where the wind blows it's songs in my ear

I'm wanting your sweetness
And sacred sounds
Your beauty to keep me
From breaking down
Another night
Another time

Another life
Where my soul doesn't ache or feel lonely
Another life
Where the wind blows it's songs in my ears
