There's a gun to your head will you pull or bleed
And keep your view of your identity
Tied with the need for a perpetual enemy
Will you prove your manhood to me we'll see

I wish you knew you didn't have to
But either way I'll still love you

A hostile world is easy to sell
An open world is easy to tell

Of prosperity and dignity for those who fell
Making it reality seems to be hell well

I wish you knew you didn't have to
But either way I'll still love you
I wish you knew you didn't have to
But either way I'll still love you
I'll still love you
