There's something on your mind  
By the way you look at me  
There's something on your mind, baby  
By the way you look at me  
And what you're thinking brings happiness  
Oh and it brings misery

Please, please, don't try to tell me  
I think, I, I understand  
No, no, don't try to tell me, baby  
'Cause I think, I, I understand  
You want me to try and forget you  
Well, I'll do  
Baby, I'll do the best I can

You know it hurts you when you're in love with someone  
And you know that someone don't love you  
It carries a heavy burden on your heart  
To know that the someone that you're in love with  
Is in love with your best friend  
And I'll tell you  
When someone else is rocking you  
Rocking your cradle, you know  
Better than you can rock your cradle yourself  
Then there's only one thing for you to do  
You just pack your clothes  
Turn around and slowly walk out of the door  
Look over your left shoulder as you go out  
Then you hang your head and you say

Oh, please don't try to tell me  
Uh huh, I think, I understand  
No, no, no, no  
Please don't try to tell me  
Because you think  
You think I understand  
Oh, you want me to try  
To try to forget you, baby

And I'll tell you  
I'll do the best I can

You know after you have done all you could do  
And you can't take no more  
Then you go downtown  
You get your big baseball bat and you come back on  
the scene  
Where they both are still together  
And then you just go and kick down the door  
Now as you kick down the door  
You just start beating the hell of everybody that you  
can see  
Everybody that comes through the door  
And just as you make up your mind that you're gonna  
try to forgive her  
Then out comes another one of your friends  
And that really blows your mind  
So you go and think about  
You say to yourself  
Baby, I realize I've done wrong but please forgive me  
And with a smirky smile on her face  
Then she look up at you and she say

If you ever think about me  
(Oh, I think about you, baby)  
If you ever charge your mind  
(Oh, you're staying on my mind, baby)  
If you ever think about me  
(Oh, I think, I think about you all the time)  
And if I ever cross your mind  
(You stay on my mind)  
Well, you know, you know  
You know I'm yours

And I know, I know you got to be mine  
(Yeah)  
There's something on your mind, B  
I can tell by the way you look at me  
(Oh, there's something, on my mind, Miss James)  
There's something on your mind  
(Oh, can you tell  
There's something on my mind)  
By the way you look at me  
(Oh, the way I look at you  
You look good to me)  
And what you're thinking brings happiness  
(Yes, baby)  
Oh and it can bring misery  
(Yes, all right)
