"Fools We Mortals Be"

Visit "[Fools We Mortals Be](#)" on MotoLyrics.com

A little fool
Make a fool of me
That's how you see
what fools we mortals be

A little fool
Take my heart from me
That's how you see
what fools we mortals be

Oh, I waited, waited how long out for you
Only to find... that you will never strong for me
I wanted you, I needed you, I'm not succeeded you
For you can see this will never ever be

A little fool
Make a fool of me
That's how you see
what fools we mortals be

Oh, I waited, waited how long out for you
Only to find... that you will never strong for me
I wanted you, I needed you, I'm not succeeded you
For you can see this will never ever be

A little fool
Make a fool of me
That's how you see
what fools we mortals be
