Both:

Cry, Cry in shame, shame

Cry, Cry in shame yes, yes, yes

Etta:

you said you didn't wanna love nobody else if you  
weren't loving me ooh baby, yeah don't you know you  
did me wrong yeah

you kiss and you cheat like you hold them no telling  
what you might have them will approve

Both:

Cry, Cry in shame, shame

Cry, Cry in shame yeah

Harvey:

you said you didn't wanna talk to nobody unless you  
was talking to me oh, oh, oh yes you talking about what  
you see right now

you smiled and you started winking and I know just  
what you were thinking now you do

Both:

If you believe in a better world I guess to me I'm turning  
back my hands uptied

baby if our love make you feel I will get together for the  
on down the line but for now it's a crying shame, crying  
shame

but for now it's a crying shame yeah

Etta:

you said you didn't wanna be smacking on nobody else  
if you weren't kissing me but (you)\*5 kiss everybody it  
seems

you did it, forget it, admit it, let's quit it yeah, yeah with  
who?

Harvey:

you lied, you cheated now I'm getting so darn god tired  
of being mistreated now with who?

Both:

Cry, Cry in shame (yeah)\*4

Cry, Cry in shame oh yes now right now

Cry, Cry in shame (cry)\*4

Cry, Cry in shame
