If you've not got cash you won't get far
Money is a measure of who you are
If you've not got money you won't get far

Love is the fuel that drives my car
On four star love I might get far
Love is the seed that drives me on
But it doesn't take long before love goes wrong

Feed me the fuel that drives his car
We've lost the map, we've gone too far
Fear I don't know who you are
Who's got my drugs? Who's got my car?

A vehicle to me is not enough love
If you've not got love then fear's your stuff
Lust be the fuel that drives my car
I'm lost in love, I've gone too far

With a winning smile
You can fool the world
With a bit of fame
You'll soon get laid

Power is the source we're looking for
Life only sucks when you're two feet tall
Greed is the source of a restless need
And a restless need is what drives me

I've gone too far
I've gone too far
I've gone too far

I know what you've got
I know what you've got

If you've not got cash you won't get far
Money is a measure of who you are
