I gave you all of my love  
Don't you abuse it  
I gave you tender love and care  
Oh baby now don't you misuse it  
And if you got somebody else  
If you got somebody else on your mind  
I want you to please please please baby  
Let me down easy

I sweated and toiled for you baby  
And I know, I know you know it  
But if you got any appreciation for me  
You got a sad sad way of showing it, oh yeah  
If you got somebody  
If you got somebody  
If you got someone else on your mind  
I want you to please please please, oh Lord  
Let me down easy

You ought to give credit baby, yeah, oh baby  
Where credit is due right now  
'Cause I know, I know that you know  
I've been so good, so good to you  
I did everything, everything for you baby  
That a woman supposed to do

You taken, you taken advantage of me, baby  
Because you know I've been a fool,  
I've been a fool for you

If you got somebody  
If you got somebody  
If you got someone else on your mind  
I want you to please please  
Let me down, down, let me down easy

Let me down, let me down easy, oh yeah  
Let me down, let me down easy  
Let me down baby  
Take it easy  
Let me down, let me down easy, baby  
If you got someone else on your mind

I want you to please, please let me down  
Won't try to sweet me talk for you baby  
I know, I know, I know  
I know you gotta have some appreciation for me babe  
But you gotta say it  
Whether you saying it or showing it

If you got somebody  
You got somebody  
Please let me down, let me down  
I feel I've been so good to you and  
I did everything for you baby yeah  
I did everything that a woman supposed to do yeah  
Now you've taken advantage of me  
Because you know I've been a fool for you  
If you got somebody, you got somebody  
Somewhere, somewhere on your mind  
I want you to  
Please, please let me down  
Let me down easy  
Let me down, let me down easy  
Let me down easy boy  
Let me down easy  
Let me down  
Let me down easy  
Let me down, let me down, let me down baby  
Let me down  
Let me down baby  
You gotta let me down baby  
Easy down  
Oh baby  
Take it easy, easy  
Easy, oh  
Easy now
