Oooh, oooh (x2)

Climb the highest mountain
Sail across the sea
Take a look in your social book
You'll find it
Nobody loves you like me, no, no, no.
Nobody loves you like me.

Travel across the desert
Climb up a big redwood tree
As a warn that's about to turn
You say that nobody loves you like me, no, no, no.
Nobody loves you like me.

(You can ha and discover
on the --- of a tower
But if for you don't choose
it's me you're gonna lose
take a trip to the Sputnik
as the little doggie
dont be this late cause--- in bed
Nobody loves you like me, no, no, no.
Nobody loves you like me.
