Call me fool
Send me away
I've got to say
It's you I adore

Alone and in love
Falling apart
I followed my heart
Straight Through your door

Face to Face
With all Honesty
I would be grateful
If you give to me

One Night
To lay in your arms
One Night
Could it be that I was wrong
To make every dream
You ever had come true
Oh it's just, one night
Just One Night

Standing the close
The sound of your voice
Leaves me no choice
I open my love

Am I so wrong
To think, to think you might fall
And baby you're all
You're all I'm thinking of

Face to Face
With all Honesty
I would be grateful
If you give to me

One Night
To lay in your arms
One Night

Could it be that I was wrong
To make every dream
You ever had come true
Oh it's one night
Just One Night

(Sax lead)
2 bars

One Night
To lay in your arms
One Night
One Night
One Night
